The Interstate system combined with CSX Railroad, the Black Warrior River, and close proximity to the Tuscaloosa Municipal Airport, and Amtrak service to Tuscaloosa, provides transportation for both the business community and the public. Birmingham International Airport is only 45 minutes away.
Close proximity to good highways makes the services in large cities available quickly. Urban shopping, dining, entertainment, higher education and expert medical care are at hand. This makes it easy for the many commuters traveling to Birmingham or Tuscaloosa from Brookwood.
